TECHNICAL DATA

	technical characteristics Group B I a	test method	equired values	value
	water absorption	iso 10545-3	$\leq 0.5\%$	0.21 %
	bending strength	iso 10545-4	$\geq 12\text{MPA}$	$\geq 33.5\text{MPA}$
	breaking strength (S)	iso 10545-4	$\geq 350 \text{ N}$	$\geq 1785\text{N}$
	abrasion resistace	iso 10545-7	Max. 175 mm ³ PEI 1-5	Class3
	chemical resistance	iso 10545-13	Household chemicals and swimming pool salts Low concentration of acids and alkalis	GA GLA
	stain resistance	iso 10545-14	Minimum Class 3	Class 5

CERTIFICATIONS

An **Environmental Product Declaration (EPD)** is a globally recognised certification that outlines the environmental impact of a product across its entire life cycle. It supports sustainable decision-making and green procurement by assessing factors such as material sourcing, emissions, installation, use, and end-of-life disposal.

ISO 14001:2015 specifies the requirements for an environmental management system that an organization can use to enhance its environmental performance. ISO 14001:2015 is intended for use by an organization seeking to manage its environmental responsibilities in a systematic manner that contributes to the environmental pillar of sustainability.
